## About This Game

A **one-button** epic! Suspense-filled retelling of a classic Latvian folk tale "Bearslayer" as a platformer. Immerse yourself in a totally different mythology. Smash that button as if your life depends on it. Because it does.  
Gorgeous art and nifty level design - Bearslayer requires both wits and lightning-fast reflexes.

Jump, wall-slide, teleport, swing on chains like a medieval ape, dodge and flatten the enemies to prove that you are really chosen by gods to rid the land of... Eeeevil (well, at least some rather toxic and untidy presence for sure).

This fast-paced platformer puzzler will sink its hooks into you.

You have been warned..

No, really. We just warned you.

## Features

- Fast-paced arcade puzzler
- Super simple one-button controls, easy to learn and so so hard to master
- Multiple ways to complete the levels
- Almost historically accurate art (well, ok, that's rubbish, but at least it's super pretty)
